

What We do in the Community

Community Outreach

At J & J Second Chance Small Holdings we work with our community as often as we can. We work with Schools, Veterans centers, Outreach centers, Hospitals and more. We offer what is called "Goat Therapy." This is a cross of cat, dog and horse therapy. Individuals get to brush, pet, read to, hold and talk to the goats, we do this at our home and at what we call events.

Our School Program

Here at J & J Second Chance, we help schools with fundraisers, events, and a reward program for their students.

Spreading Awareness about Goats

I do not know how many times we get the comment of "goats need rescuing?" Just like dogs, cats, horses and more, sometimes things happen in their owners lives that they cannot continue the care of their goats.

Veterans Events

As a veteran I understand how much animals can affect our mental and physical health. Animals give unconditional love and care that we all need in our lives.

Goat Reading Program.

We have been working with those that are having a little issue with reading, and those that just want extra practice.

Hospital/ Medical Center Work

We have taken the goats to medical and clinic centers, they go in dressed to impress, in diapers, boots and in wagons.

-Goat Mowing-

The Goats come and mow your yard or overgrown lot!

Our main focus is to rescue, rehab, rehome goats, we also provide sanctuary to those who cannot be rehomed. We offer education about care and maintenance of goats. We're working within the local community with our community outreach to help others discover the joy of Goats.

– Goat Therapy –

This is just like dog/cat/horse therapy. This is where we bring the goats for you to talk to, brush, tell things to and more. We have had people read to the goats and just tell them what is going on in their life. Whether it is just a bad day, you need some goat love or just need a breather we can be there.

Types of Events–

Events can be any of the following, indoor, outdoor or mobile. Mobile events are where the goats wear diapers and ride in their buggies to see everyone. The goats love to dress to impress and all of the attention they receive from everyone. If you would like for us to come to your event, please contact us. If you would like to see where we will be next, Check out our

website for our Events.

We do both open and closed events.

- **We do Birthday Parties** – We will set up indoor or outdoor, we will dress them up to follow your theme for your party!
- **Company Events and Conventions** – We are able to set up both indoors and outdoors. It is a break for your members that are there during your event
- **Private Events** – Weddings – Individual – Small groups – Large groups (Rate is based on how many people are expected)
- **Relaxation Groups** – This is quiet time with the goats, Zen time, Yoga and more!
- **Mobile Events** – Great for buildings, medical centers and more. The Goats have buggies that ride in and of course they are dressed up and in diapers.
- **BYOB Parents/Adults Day away** – This is a "No Kids allowed" for parents/adults only!

– Educational Classes –

- **We can do these classes at our home or we can come to you!** *There is a drive fee and a class size requirement.
- **We offer many classes;** these are hands on classes. - Hoof trimming, Goat 101, Goat First aid, Beginning Milking, Breeding, what do I do with the milk?
